Report of Technical Talk on "Interview Hack" Organized by the Department of Electronics and Communication Engineering, Rajeev Institute of Technology, Hassan, on 23rd July 2022 in Association with IETE, Mysuru Centre

The Department of Electronics and Communication has organized a technical talk on "Interview Hack" for 4th semester students in association with IETE, Mysuru centre. Around 30 students were present during the talk.

The main objective of this invited talk is to convey the importance of programming language, inside view of an interview and expectations from company about and employee.

The resource person for this was **Mr. Harshith D**, Intern, Unisys, Bengaluru; Alumni, RIT, Hassan and the presentation was held for a duration of about 2 hour 30 minutes (9:30am – 12:00pm).

Objectives of the Talk

- To provide a view of actual interview environment for students
- How to present themselves in a company and its work procedures.
- Importance of programming language in engineering

Outcome of the Talk

- Students are able to identify the basic necessity of programming language in engineering.
- Students are able to identify themselves w.r.t preparation for an interview and their presence in the company environment.
- Students are finally able to interact with the resource person on related information and also to express their thoughts to the department.

The technical talk was inaugurated by Dr. A N Ramakrishna, Principal, RIT. He informed students to make the best utilization of this opportunity in their future placement activities. Dr. Aravind, Professor & HOD, Dept. of ECE addresses the gathering and informed about importance of a programming language in engineer's professional life and insisted all students to be good with one or the other programming language.

Mr. Ravi L S coordinated the event.

After the completion of the talk, Mr. Harshith D was honored by a memento as a token of gratitude and appreciation by the Principal Dr. A N Ramakrishna.
