About NICC

National Information and Cyber security Council (NICC) has been started with a great vision to safeguard the Nation from the current threats in the cyber space. The multi-dimensional structure of technology in the cyber space poses a great challenge in handling the complex problems in the cyber domain. National Information and Cyber security Council has taken visionary initiatives to curb and enervate the notoriously spreading cyber threats from various directions and dimensions.

National Information and Cyber security Council (NICC) works to create and sustain a safe cyber environment conducive to the development of our Nation, partnering with Government, Industry, Institutions & Individuals through advisory and consultative processes.

Bio:

Prameel Arjun is a young cyber security professional and a researcher with a background, vast experience in penetration testing, vulnerability assessment, information security auditing, security compliances, security trainings, having delivered unparalleled information security architecture for the benefit of private and government organizations. He is one of the country's efficient and youngest Information Security Analyst. More so, he collaborates with law enforcement agencies in mitigating and creating awareness on security concerns in the area of infrastructure security and threat assessments, as well as implementing new technology for the prevention of public and workplace hazards.

Over the years, Prameel has evolved from being a high performing cyber Wizkid and security consultant to an astute information security analyst and hacker who investigates new and emerging threats and offers recommendations on security policies and information protection strategies. He believes that the security of lives, data, and digital property can be enhanced through the adoption of a situational awareness approach. To this end, he is leveraging his vast experience in executing programs such as workshops, online videos, and lectures to facilitate training in ethical hacking, information security, cyber security, digital marketing for students and corporate teams.

At the age of 18 he conducted his first workshop in Ethical hacking which was the beginning to his success in this field and now he has a handful workshops to train students all over India. He is the only student trainer who started conducting workshop for his peers and professors. He conducts workshops and trains people on Ethical Hacking, Information Security, Cyber Security, Digital Marketing (Earning Money from Internet) and Forensic Investigation for corporate organisations as well. With around some articles about him in various newspapers, he's now a well-recognized face in the country.

Apart from exposing young people in India to the financial opportunities via digital marketing, Prameel is fully committed to building a robust team of cyber security experts saddled with the responsibility of revealing new vulnerabilities and strengthening open-source tools in order to ensure safety of data, property and financial transactions.

Summary of valedictory function

As the valedictory function began, the attendees shared their feedback on stage. Organizers shared the online feedback link with attendees.

Dr Arjun B C, HOD & Associate Professor, Department of Information Science & Engineering, RIT, Hassan, concluded the workshop by delivering a vote of thanks and thanked all the faculties and management of Rajeev Institute of Technology, Hassan for organizing this workshop. He also thanked the resource person- Mr. Prameel Arjun for sharing his valuable insights and all the students and faculty members for attending this workshop.

Outcome of the workshop

This workshop was very informative, and also a hands-on virtual lab session and software implementation related to Ethical Hacking & cyber security were practised and executed in the Linux virtual laboratory. At the end of this workshop, all the participants were confident about Ethical Hacking & Cyber-Security concepts.

NICC- New Delhi conducted an exam for all the participants, and assignment was given. Based on the performance ,18 students were offered for internship, which is carried out in NICC- Hyderabad. All the participants were given with Participation Certificate.

This 3 days workshop on "ETHICAL HACKING & CYBER SECURITY" was a grand success and provided the attendees with great insight into ethical hacking & cyber security along with a live demos, and also congratulations to all the students who got internship offer letter from NICC- New Delhi.
