

Department of Electrical and Electronics Engineering

Semester: 1

Celebration Activity

Quarter 2

Activity Name	National Energy conservation Day
Title	An Awareness Program on Energy conservation & Energy efficiency
Objectives	The aim with which the day is celebrated is to drive mass awareness about the importance of energy efficiency and conservation. The day also focuses on making people aware of global warming and climate change and promotes efforts towards saving energy resources.
About the Activity	An awareness program, field visit was organized to celebrate 14 th December 2024 in Department of EEE at Rajeev Institute of Technology. The National Energy Conservation Day is being celebrated every year on December 14 since 1991. The main objective of the day is to reduce the use of energy and to encourage people to use it efficiently. The Bureau of Energy Efficiency (BEE), under Ministry of Power spearheads the celebrations every year. Information is given on minimizing energy waste and how the public can do their part in conserving resources. A constitutional body that falls under the Government of India, the Bureau of Energy Efficiency assists in the development and implementation of strategies and policies to reduce excessive consumption of energy.
Date of Activity	14/12/2024
Place of Activity	Bhuvanahalli Village, Hassan
Mode of Conduct	Offline
Time	One Day
Mandatory / Elective	Mandatory
Participants	Final year students from the EEE Department
Activity Outcomes	Encouragement and awareness given to village people community and school students to use less energy rather than excessive and extravagant energy and also to reduce energy consumption and use it efficiently. Inspired and motivated students regarding importance of energy conservation for present and future generation.
