A report on Cleaning Programme

Place: RIT Campus **Date: 19th September 2023**

The NSS unit had organized Cleaning program in RIT Campus on 19th, September 2023. Our collage Mathematics depertment Assistant Professor Mr. Santosh Spekes called upon the need to educate people to keep their surroundings clean. Polythene is a big threat to the environment. Alternatives to polythene, like jute bags were recommended for use by people.

The students and staff members of RIT, our NSS volunters join together clean the drinage, road side and college preimises.

So this "CLEANING CAMPAIGN" not only helped us in cleaning the surrounding but also taught and importance of keeping our society, mind and work place clean, because "Cleanliness is Next to Godliness".
